

LET'S FACE IT. We do a better job keeping you safe.

Introducing: Face Shields

You told the LDI Innovation Lab about the risks involved when a caregiver's face is exposed. Our Face Shields are worn by staff to cover their face and protect against the splashing and spraying of fluids into the eyes and mouth during procedures.

- › ANTI-FOGGING SHIELD ENSURES VISIBILITY REMAINS GOOD THROUGHOUT A PROCEDURE

Specifications

PART	PPE-CM-105
SIZE	Universal
PACKAGING	5 each / bag, 40 bags / case

Product Details: Clear polyethylene shield • Foam headband • Latex-free • Non-sterile
