

GLOVES NOT CUTTING IT? Feel better about hand protection.

Introducing: FlexGard™ Sterile Cut Resistant Glove Liners

You told the LDI Innovation Lab about the tradeoff of choosing between a glove that allows you to feel what you touch or one that protects your hand. That's why we created FlexGard™ Sterile Cut Resistant Glove Liners—the solution for maintaining tactile dexterity without losing a digit.

- › PROTECTS HANDS FROM INCIDENTAL CUTS DURING PROCEDURES
- › PROVIDES 150%+ MORE PROTECTION THAN COMPETITOR OFFERINGS
- › RETAINS TACTILE DEXTERITY WITH ULTRA-THIN DESIGN
