

SUTURING... Made sew much safer.

Introducing: Flex-Gard™ Puncture Resistant Hand Protection

You told our LDI Innovation Lab that you needed a hand in avoiding the needle pokes that are inherent in post-mortem suturing. We're here to end the pricks with Flex-Gard™ – the protective shield made for suturing after tissue recovery, autopsy or embalming.

- › PROTECTS FROM NEEDLE PRICKS
- › LEFT OR RIGHT HAND SPECIFIC
