

EnviroSorb Original Floor Pad.

Mess-Free Fluid Absorption.
Cleaner. Safer. Smarter.

AN EFFECTIVE SOLUTION FOR FLUID MANAGEMENT DURING RECOVERY

Introducing the EnviroSorb Floor Pad. A durable pad designed to:

- Absorb up to 1 gallon of fluid per square yard.
- Keep the floor clean and dry with a protective backing.
- Eliminate messy cleanup.
- Ensure safety by preventing slips and falls during tissue recovery.

Developed to keep your team safe and keep every recovery clean and dignified.
