

Flex-Gard™ Cut-Resistant Glove Liners.

Better Protection.
Stronger. Safer. Smarter.

A RELIABLE SOLUTION FOR HAND PROTECTION DURING PROCEDURES

Introducing the Flex-Gard™ Sterile Cut-Resistant Glove Liner. An innovative solution designed to:

- Protect hands from incidental cuts during procedures.
- Retain tactile dexterity with ultra-thin design.
- Provide 54% more protection than competitor’s level A2 gloves.
- Ensure protection with an ANSI level A3 rating.

The Flex-Gard™ Sterile Cut-Resistant Glove Liner allows you to feel what you touch while also protecting your hand, keeping your team safer and every procedure cleaner.
