

# JUST A HEADS UP... Embalming can be a lot easier.

## Introducing: Post Mortem Head Block

You told the LDI Innovation Lab about the challenges you face embalming. Placed under the head of a decedent, the Post Mortem Head Block helps raise the head to reduce pooling of blood and fluids in the eyes and capillaries of the face.

## Specifications

<b>PART</b>	DHB-01
<b>SIZE</b>	Universal
<b>PACKAGING</b>	24 each / case

**Product Details:** Polystyrene material • White • Single use
