

# SUTURING... Made sew much safer.

## Introducing: Flex-Gard™ Puncture Resistant Glove Liners

You told our LDI Innovation Lab that you needed a hand in avoiding the needle pokes that are inherent in post-mortem suturing. We're here to end the pricks with Flex-Gard™ Puncture Resistant Glove Liners – the protective shield made for suturing after tissue recovery, autopsy or embalming.

- > PROTECT FROM SUTURE NEEDLE PRICKS
- > MAINTAIN DEXTERITY
- > RETAIN TACTILE SENSATION
