Introducing: Plastic Mortuary Garments

You told the LDI Innovation Lab about the challenges of putting plastics on without tearing them. That's why we developed a full line of PVC-Free Plastic Mortuary Garments that are incredibly flexible and 3X more tear resistant than the competition. Whether it be coveralls, capri-pants, regular pants, shirt jackets, sleeves, stockings, or big old unionalls we've got you covered. Preserve your hard work and prevent clothing from getting soiled and minimize post-mortem odors the easy way.

- > PVC-FREE CONSTRUCTION SO IT CAN BE BURNED IN A CREMATORIUM
- > CONTAINS FLUIDS AND PREVENT CLOTHING FROM GETTING SOILED
- > SOFT, FLEXIBLE MATERIAL HAS ELASTIC PROPERTIES THAT RESIST TEARING
- > REDUCES ODORS THAT MAY OTHERWISE EMANATE FROM OPENINGS
